Feel the rain falling down on me  
I call your name, I miss you, can't you see  
I'll take the blame, we should never be apart  
Tell me what can I do to get you back into my heart

To make a mistake is only human  
And now I've learned my lesson, that's for sure  
'Cause I never thought that you would say goodbye  
And love would walk out the door

Why did I look in a different direction  
When you were right here with me all the time  
When your heart was crying out for affection  
I guess that I was blind, now baby I

Feel the rain falling down on me  
I call your name, I miss you, can't you see  
I'll take the blame, we should never be apart  
Tell me what can I do to get you back into my heart

Your shadow of love is still beside me  
When I close my eyes your face is all I see  
But I don't intend to spend my whole life dreaming  
I need you right here with me

I was so wrong taking your love for granted  
I couldn't see how I hurt you inside  
Now I know you're all that I ever wanted  
Can't get you off my mind, and that's why I

Feel the rain falling down on me  
I call your name, I miss you, can't you see  
I'll take the blame, we should never be apart  
Tell me what can I do to get you back into my heart

(Back into my heart)  
Feel the rain  
(Back into my heart)  
Oh oh oh

Why did I look in a different direction  
When you were right here with me all the time

When your heart was crying out for affection  
I guess that I was blind, now baby I

Feel the rain falling down on me  
I call your name, I miss you, can't you see  
I'll take the blame, we should never be apart  
Tell me what can I do to get you back into my heart

Feel the rain falling down on me  
I call your name, I miss you, can't you see  
(I call your name)  
I'll take the blame, we should never be apart  
(Oh oh oh)

(Tell me what can I do to get you)  
I want you back with me  
(Tell me what can I do to get you)  
I need you, can't you see  
Tell me what can I do to get you back into my heart
