Can you hear the music playing?
Can you feel the rhythm swaying?
This is this sound of dreams come true
And I can promise you that

You are the one and only
And I'm the lost and lonely
We are the perfect dream come true
And I can promise you that I
Hear a silly love song in my heart

It happens every time when I see you
It happens every time when I think of you
It happens every time
Oh it's magic when we meet
Baby down on dream street!

Let me take you by the hand and
Walk you down the milky way cause
You make me feel I'm so alive
Though I promise baby I
Hear a silly love song in my heart

It happens every time when I see you
It happens every time when I think of you
Oh, it's magic when we meet
Baby down on dream street

It happens every time
(Baby)
It happens every time
Oh it's magic when we meet
Down on dream street

When I close my eyes
There's angels all around
(Singing a love song)

You know it happens every time
When I see you oh
It happens every time ohh ohh
Oh oh oh oh oh oh

It happens every time when I see you
It happens every time when I think of you
It happens every time
Oh it's magic when we meet
Baby down on dream street
