She got lost today and gave up on a smile
Closed the door when I tried
to ask her why
She put her hair up and let the tears
fall from her eyes
Make-up running down a face
that sleeps away the painful day cuz

She's leaving, She's leaving,
She's leaving me this way and
You would think that she
had lost her mind
She's leaving, She's leaving,
it's hard for me to believe in
All the love that she has left behind

She dreams to run away
but when it's all still wrong
Takes a pill to make her day go on
She needs to know that all in love
is never fair
How can I help her out if she
just doesn't want me, want me there cuz

She's leaving, She's leaving,
She's leaving me this way and
You would think that she
had lost her mind
She's leaving, She's leaving,
it's hard for me to believe in
All the love that she has left behind

I get crazy from these problems
I gotta calm down, I gotta calm down
I try so hard not to get mad
But's it's hard
It's so hard
Yea it's hard

She's leaving, She's leaving,
She's leaving me this way and
You would think that she

had lost her mind
She's leaving, She's leaving,
it's hard for me to believe in
All the love that she has left behind

She's leaving, She's leaving,
She's leaving me this way and
You would think that she
had lost her mind
She's leaving, She's leaving,
it's hard for me to believe in
All the love that she has left behind
