Late at night, awake and alone  
I count the stars in the sky  
Every cloud that rolls by

And I think of you, I whisper, I wish  
With everything that I am  
I'll do all that I can

'Cause baby  
I, I just want you to see that  
Baby, you  
Mean the whole world to me

It's so right  
When I see the love in your eyes  
All that I wanna do, baby  
Is to spend my life with you

And I know  
As long as there is tomorrow  
I'll be loving you right from the start  
With all my heart

I can't believe, what's happened to me  
But you stepped right out of my dream  
Like nothing I'd ever seen

And I will love you  
For the rest of my life  
'Til forever is gone, you'll be the one

'Cause baby  
I never thought I would say that  
Baby, you  
Are my night and day

It's so right  
When I see the love in your eyes  
All that I wanna do, baby  
Is to spend my life with you

And I know

As long as there is tomorrow  
I'll be loving you right from the start  
With all my heart

I know, I'll be strong  
With you in my arms  
Heaven brought us here together  
We belong like this forever

It's so right  
When I see the love in your eyes  
All that I wanna do, baby  
Is to spend my life with you

And I know  
As long as there is tomorrow  
I'll be loving you right from the start  
With all my heart

It's so right  
When I see the love in your eyes  
All that I wanna do baby  
Is to spend my life with you

And I know  
As long as there is tomorrow  
I'll be loving you right from the start  
With all my heart

With all my heart
