Over, taking me over, over and over, loving me every
night, every day
Over, taking me over, over and over, loving me every
night, every day
Dreaming of a summer day
You and I together always
Words of love I hear you say
I'll always be with you, come what may

Never had a dream come true
Till the day I looked at you
Never had a someone who
Who makes me feel like you do
And I thank the lord above
For sending me the perfect love
You're the one I'm thinking of
I'm thinking 'bout ya baby

Loving you is all I need
Every time you smile at me
You're taking me over
This is not a fantasy
This is how it's meant to be
You're taking me over

Over, taking me over, over and over, loving me every
night, every day
Over, taking me over, over and over, loving me every
night, every day

Just one kiss, I lose control
And all of my emotions run free
I love you with my heart and soul
Just look into my eyes and you'll see, yeah

Baby I'm so into you
I just wanna hold on to
Every little thing you do
You make me feel so brand new
Wanna share the joy inside
'Cause I have you in my life

Now until the end of time
It's you and me forever

Loving you is all I need
Every time you smile at me
You're taking me over
This is not a fantasy
This is how it's meant to be
You're taking me over

Loving you
My dream came true
What can I do
I feel you taking me over
Tonight is ours
Let's make a vow
To always be in love this way, ooh...Oh oh woh oh oh...

Loving you is all I need
Every time you smile at me
You're taking me over
This is not a fantasy
