Welcome tired pilgrim
Into the circle
We have been waiting
Everyone's gathered for your arrival
All the believers

Angels fall, all for you, heretic
Demon heart bleed for us

I've been waiting for you,
Weary preacher man
You have been expected
Now we can begin
Let this hollow day of judgment break
I have known you father,
And your sacred quest
Blessed soldier fighting
You shall never rest
I have known you, but do you know me?

Angels fall, all for you, heretic
Demon heart bleed for us
(My soul is yours dark master, I will fight for you)
Dark master within, I will fight for you
Dark master of sin, now my soul is yours
Dark master, my guide, I will die for you
Dark master inside...

I cannot see his face
But I could feel despite
A presence from the dead
Abandoned by the light
His shadow will consume you from within
This power that I sense
Been raged behind those eyes
This justice straddling ghost
A spirit deep inside
The body and the soul both frets
For they are one

Angels fall, all for you, heretic
Demon heart bleed for us

(My soul is yours dark master, I will fight for you)
Dark master within, I will fight for you
Dark master of sin, now my soul is yours
Dark master, my guide, I will die for you
Dark master insideÂ...
Dark master, I'm in, I belong to you
Dark master withinÂ...

Heil! Heil! Heil! Heil!
Heil! Heil! Heil! Heil!

Don't
Bother trying to find them
They will be coming to you
Fight,
Fight and destroy until you can't take anymore
Spill,
Hey! Spill the blood of rebels
They are the terror of hell
Flesh,
I'm being dead
Stopping at nothing to kill
Saint,
Caught in a moment of weakness
Ended the greatness of all
Sold,
Half of my soul
And now I'm still waiting for you

I judge us, my eyes see
I judge and I am just
For I speak of the beast
That lives in all of us
Unwelcome ones your time has come

Lord,
You are my god and my shepherd
Nothing more shall I want
War,
Through the abyss
Into the shadow of death

Fear,
There is no reason to fear now
While you are with me
My,
Couple of flows
My enemy's blood
I,
Get in the house of the lord
Forever, amen

Death,
Follow me
Oh, the wish of my life

I judge us, my eyes see
I judge and I am just
For I speak of the beast
That lives in all of us
Unwelcome one your time has come

Servants of the fallen
Fight to make the way
For the savior's calling
On this wicked day
Through a veil of madness
With a vicious play
One man marches on
Standing in the way
(It's time to go, dark lord)

My soul grows weaker
He knows and he waits
He watches over me
Standing at the inferno gates
In the hour of darkness
The moment I feared has passed
The moment I lost my faith
Promising salvation
My soul is my own now
I do not fight for you, dark master
