"Restoration"

Run - fast from the wreckage of the past
A shattered glass prison wall behind me
Fight - past walking through the ashes
A distant oasis before me

Cry - desperate crawling on my knees
Begging God to please stop the insanity
Help me - I'm trying to believe
Stop wallowing in my own self pity

"We've been waiting for you my friend
The writing's been on the wall
All it takes is a little faith
You know you're the same as us all"

Help me - I can't break out this prison all alone
Save me - I'm drowning and I'm hopeless on my own
Heal me - I can't restore my sanity alone

Enter the door
Desperate
Fighting no more
Help me restore
To my sanity
At this temple of hope

I need to learn
Teach me how
Sorrow to burn
Help me return
To humanity
I'll be fearless and thorough
To enter this temple of hope

Believe
Transcend the pain
Living the life
Humility
Opened my eyes
This new odyssey
Of rigorous honesty

Serenity
I never knew
Soundness of mind
Helped me to find
Courage to change
All the things that I can

"We'll help you perform this miracle
But you must set your past free
You dug the hole, but you can't bury your sole
Open your mind and you'll see"

Help me - I can't break out this prison all alone
Save me - I'm drowning and I'm hopeless on my own
Heal me - I can't restore my sanity alone
