Alone at night I feel so strange
I need to find all the answers to my dreams
When I sleep at night I hear the cries what does this
mean?

I shut the door and traveled to another home
I met an older man he seemed to be alone
I felt that I could trust him, he talked to me that night

Lad did you know a girl was murdered here?
This fatal tragedy was talked about for years
Victoria's gone forever only memories remain

She passed away, she was so young

Without love, without truth
There can be no turning back
Without faith, without hope
There can be no peace of mind

As the night went on I started to find my way
I learned about a tragedy, a mystery still today

I tried to get more answers but he said, "You're on your
own"
Then he turned away and left me as I stand there all
alone
He said, "You'll know the truth as you future days
unfold, unfold"

Without love, without truth
There can be no turning back
Without faith, without hope
There can be no peace of mind

Now it is time to see how you died
Remember that death is not the end
But only a transition
