Among dusty books my life  
Is waiting for a smile  
I'm still here with trembling hands  
This room is swallowing me, is killing me!  
I need to fly and to live  
\*I'm not afraid of devil or hell\*  
I need you Lord! I'll do all that you want  
Tell me your name and you show me the gate  
The darkness come back  
The evil command  
Slavery you'll find  
Don't pray for your soul  
Now you are in my home  
You have to cross the door  
Welcome to my hell  
You don't have to be afraid  
You'll die another day  
But at last you have to pay  
My will seal the pact  
A droop of your blood  
Relive your live  
Your soul will be mine, you will be mine...  
"do you want to find the light to live forever wild?"  
-I want to live other life!  
"do you want to pay the price? Forever you will die..."  
-I know the sound of the dark!  
\*He is a spirit that bring you a piece of the dark\*  
I need you Lord, I'll do all that you want  
Tell me your name and you show me the gate

Live this life, this time  
I take you with me by my side  
Screaming! You're bleeding and feeling  
My mind into your head  
The death... your cell  
So welcome to my hell...  
"only for a God's delight in a eternal madness  
I will have your sacrifice full of blood and sadness"
