When the angels descend to the earth  
They cover us with a real faith  
But there is not wings for me  
They'll leave me naked and free  
Now I am wishing to flee  
Who be the one to help me?  
Alone I will be  
The angels of heaven  
They doesn't help me anymore  
I'll never surrender  
Maybe my angel will be lost  
The angels of heaven  
Now pull me under to my hell  
I'll never surrender, never!  
I will walk without angels  
And I will be lone  
I am lost and looking for your help  
In my world I don't want to need you  
But I know that you are the only one for me  
Only your wings might save me  
From here to eternity  
Show me your reality  
Your slave I will be

Embrace me in this purple sea  
And raise me, I want to flee  
From here to eternity  
Show me your reality  
Your slave I will be

Take my hand we will fly together  
Return to be born  
Only I want to live forever  
Out of this world
