Yes you have a list of all the
Names of all your friends
Right from A
Through to Z
Couldn't help but
Think about where you'd find me

You are so obviously
P L A YING me
Oh the way that it feels
Kinda D I R TY
You are so obviously
P L A YING me
Oh the way that it feels

You're a different breed of complication
In all your various states of undress
A model girl in a party nation
We stand precarious, under duress
A fleeting glimpse through the mass of clubhaze
A second more and you'd steal the show
The battleaxe body come to bed face yeah
You could have it all and I think you know

Yes you keep that list of the prospects
Close to your chest
Am I high
Am I low
Do I get a yes from you or do I get no

You are so obviously
P L A YING me
Oh the way that it feels
Kinda D I R TY
You are so obviously
P L A YING me
Oh the way that it feels
Kinda D I R TY

You're a different breed of complication
In all your various states of undress
A model girl in a party nation

We stand precarious, under duress
A fleeting glimpse through the mass of clubhaze
A second more and you'd steal the show
The battleaxe body come to bed face yeah
She could have it all, she could have it all
She could have it all now
