Black Light Burns  
Cover Your Heart And The Anvil Pants Ody  
Blood Red Head On Fire  
Blood Red Head, Blood Red Head  
Blood Red Head, Blood Red Head

No one knows who sent it  
Or what it first was called  
No one knows what made it  
Or when it first was mauled

No one understands why  
It burns, but never dies  
One thing is for sure though  
That burning bastard flies

Here comes the burning  
Blood red, head on fire  
As laser beams shoot  
From the eyes of the choir

It doesn't need a body  
'Cause it flies through the air  
It's a blood red head on fire  
And it doesn't care

If you think you're badass  
And you try to stand your ground  
It will look into your eyes  
And make its awful sound

Then it will suddenly fly at you  
And hit you in your head or chest  
And your body will desintergrate  
Because the Blood Red Head's the best

Here comes the burning  
Blood red, head on fire  
As laser beams shoot  
From the eyes of the choir

It doesn't need a body

'Cause it flies through the air  
It's a blood red head on fire  
And it doesn't care

Razor sharp fangs in a gross mouth  
Yellow burning eyes, surprise  
Gordy cauliflower ears  
And talons growing out of its face  
Eight feet off the ground  
And moving fast and looking down  
The people scatter as the foul death spreads

You may think Duke Lion  
Could defeat this awful foe  
Well you may be right  
Because they fought about a week ago

The Blood Red Head on fire  
Was immune to Duke's fire balls  
So Duke Lion gave up and went on  
A quest for the Ice Sword of Gaultry

Here comes the burning  
Blood red, head on fire  
As laser beams shoot  
From the eyes of the choir

It doesn't need a body  
'Cause it flies through the air  
It's a blood red head on fire  
And it doesn't care
