I open my eyes  
I'm getting cold  
I'm balancing the blade as I walk alone

While crossing the line  
A hundred times  
I've never ever worried about the warning signs

I'm living my dream  
A life of glass  
As long as you are satisfied, leave out the rest

It's hard to explain  
A cryptic mess  
I'll do it again, it's a call for help

Yet one more plane to catch  
Without no strings attached

Must be destined  
Carved in stone  
Am I insatiable?  
Imagine you as me  
So weak, so feeble  
Kill my hunger  
Make me pure  
Reincarnated god  
Dependence is my heel  
Please someone rescue me

I'm quenching my need  
My lust for more  
I run around in circles  
That's my metaphor

To bleach the black  
You paint with grey  
The future is ahead of me I hope and pray

An everlasting conflict for me to bare  
Clutching weak straws

Just to stay aware

I'm building a wall to stay alive  
My weakness is my will to strive
