Visit "[Wonders](#)" on MotoLyrics.com

Your freezing gaze attracts my eye.
Your chilling voice controls my mind.
You are my cross of sins,
My fallen prince
From my darkest dreams.

So show me wondersÃ¢â€Œ! Show me wondersÃ¢â€Œ!
I cannot wait to feel your magic.
Show me wondersÃ¢â€Œ! Show me wonders now!
And make me yours forever on.
And make me yours forever on.

You are my source of energy,
A golden key to set me free.
Come closer. Have no fear.
Our time is near.
We break the stratosphere.

And I will show you wondersÃ¢â€Œ! Show you
wondersÃ¢â€Œ!
I need your soul to live forever.
I will show you wondersÃ¢â€Œ! Show you wonders now.
Before my powers you shall fall.

Take me away with you.
Reveal the world to me.
I know the tales are true.
The time is now for me to see
The darkness of your heaven,
Your ever watchful eyes,
Eternal fire burning,
Infernal paradise.

This pain is pleasure,
Light is darkness,
Death is beauty,
Sin is life.
Embrace me,
Master.

So show me wondersÃ¢â€Œ! Show me wondersÃ¢â€Œ!
I hear your voice. It's getting louder.

Show me wonders! Show me wonders now!
My heart is yours forever.

So show me wonders! Show me wonders!
Give in to me. I am your future.
Show me wonders! Show me wonders now!
Together we will seize the world.

So show me wonders! Show me wonders!
Together we will seize the world.
So show me wonders! Show me wonders!
Together we will seize the world.
So show me wonders! Show me wonders!
Together we will seize the world.
