I miss you old friend,
can i hold you?
and through it been a long time
old friend do you mind?
there was so many things
i wish i had said
i ment to love you
but i hurt you instead
i've come here now
to make amence
can i sit down beside you
can we be close again

I miss you old friend
can i hold you?
and thought its been a long time
old friend do you mind?
ima hoping that you will feel
this way to
cause i miss you old friend
i miss you
