JIMMY:

Where you goin'? You can't leave me, girl, I love you.

LORRELL:

And Lorrell loves Jimmy, Lorrell loves Jimmy, Lorrell loves Jimmy, it's true.

But Lorrell and Jimmy are through. I got a show to do, remember, baby? Oh baby, I got a show to do.

ANNOUNCER:

And now, please welcome the brightest star in the Rainbow Constellation, Deena Jones and the incredible Dreams!

DEENA:

I, I

Hello, America. What a wonderful evening. I love you all. Curtis, baby, this is for you.

DREAMS:

We are a family
Like a giant tree
Branching out toward the sky
We are a family
We are so much more
More than just you and I
We are growing free
