I knew that we belonged together
Long before I knew your name
And the only thing I longed for
Was a sign to prove you felt the same

Somehow I knew your every secret
Just by looking in your eyes
From the very moment I met you
I was thinking of the rest of our lives

Just say to me

I'm gonna love you 'til the end of the time
Somehow two hearts have made a friend of time
Eternity, eternity is on our side

I'm not afraid to say forever
You have made me feel so sure
'Cause I know it's everlasting
And I've never had this feeling before

Keep telling me

I'm gonna love you 'til the end of time
Somehow two hearts have made a friend of time
Eternity, I'll love you for eternity

Caught in the tide
And it brought me to you
under a spell
And now I know that dreams come true

I'm gonna love you 'til the end of time
Somehow two hearts have made a friend of time
Eternity, eternity, is on our side

I'm gonna love you 'til the end of time
Somehow two hearts have made a friend of time
Eternity, eternity, is on our side (is on our side)

I'm gonna love 'til the end of time ('til the end of time)
Somehow two hearts have made a friend of time

Eternity, eternity, is on our side
Eternity, I'll love you for eternity
