You said my mind is some place I'd like to stay  
I said my mind is some place I can't get away  
Outside outside outside outside  
I feel so small  
Inside yellow finger prints plaster the  
Walls

HEY Everything I'm saying right now is worthless  
Hey what you said said said wasn't worth this  
Hey Wait Skip that last line

All This All This All This All this just for some ink  
To write down words misinterpret what I don't not think  
Scratch out old methods of making concrete  
Crawl into lumpy dirt and admit defeat

\*How do you spell redundant? Looks good\*
