## "Boomerang"

If I had all my karma and it all came back to me  
then I'll have it like a boomerang  
Thrown farther than eyes could see  
If I had it like a boomerang  
Thrown farther than eyes could see  
I'd have all my karma coming back to me

Back to me  
Back to me  
Back to me

If I had all my problems and they all came back to me  
then I'll have it like a boomerang  
Thrown farther than eyes could see  
If I had it like a boomerang  
Thrown farther than eyes could see  
I'd have all my karma coming back to me

Back to me  
Back to me  
Back to me
