"Starting Over"

I gotta keep running "I'm starting over"
I do for fun and "I'm starting over"
I'm low and I love it "I'm starting over"
Gotta keep gunnin' "I'm starting over"

We'll its just a wasted year
I'm doing my time
If things don't go right I'll drink some more beer
And I'll blow I blow out my mind

Well I'm lucid "I'm starting over"
Stop acting stupid "I'm starting over"
Where the fuck is my cupid "I'm starting over"
Gotta stop juicin' "I'm starting over"

We'll its just a wasted year
I'm doing my time
If things don't go right I'll drink some more beer
And things will be fine

My wounds wont stop oozing "I'm starting over"
Tired of boozing "I'm starting over"
Gotta stop choosin' "I'm starting over"
Gotta quit losin' "I'm starting over"
