"Trapped In A Basement"

Trapped in a basement, and there's no way out
I'm my papa's favorite, without a doubt
I haven't seen the sun, for 24 years
But now, my time is here

I'm daddy's favorite girl (it's over now)
I'm daddy's favorite girl (it's over now)
I'm daddy's favorite girl (it's over now)
I'm daddy's favorite girl (it's over now)

Trapped in the basement, and my food is running out
He doesn't listen, he's all about
He's on vacation, sucking up the sun
I know one day, I will be done

I'm daddy's favorite girl (it's over now)
I'm daddy's favorite girl (it's over now)
I'm daddy's favorite girl (it's over now)
I'm daddy's favorite girl (it's over now)
