as the night fell down across the land, a man comes to  
his house  
a lonley house for no one waits, no children cry no  
childrens cries  
he takes off his clothes and goes to bed, his mi nd's so  
numb . his minds so dumb.  
as he closes his eyes he wishes to die (to) die in his  
peaceful sleep - in his sleep

the fugitive:  
embeddet in a velvet heart of jasmine roses in the dark  
the light of sunrise kissing minds to wake the sleer in  
the night  
"Wake up you (-you) dazzled troll - for you enface a  
bleeding hour,  
where all your sins in pain will leave the veils of mind to  
set you free.

the birth of a king:  
i dropped my mask on to the ground of desert  
wasteness in the sand  
but where it fell a flower bloomed she smiled at me -  
we were alone  
but as the sring to summer fell of aril's healing,  
blessing rain  
the desert round me gave its life to plenty colors full of  
light.  
so where i went the flowers bloomed, the birds they  
sang a lovely tune.  
the children looked and smiled at me "this man was  
born as a king to be"

the virgins with their herbal sice, they kissed my fade  
to say goodnight,  
the holy mother bowed her head mumbling : "do not  
forget this could be life and not a dream"

the return:  
the mother raised the dagger high, and bissed by the  
wells in her eyes  
i opened my chest to heart my lies to accet the  
judgement of her knife.

the morning:and so the lonely man with no will to stay  
wakes up in the morning.  
his mind is gray the fog will stay forever in his head  
he puts on his clothes , he tries to forget his boring life  
.- his boring life  
he can't remember the dream he just had - no one will  
remember his life!
