Moving on
Faces in the distance
Change will come
Hear it whisper

Waiting for the gifts
Healing your defenses
Study on
And catch the wisdom

More than light
More than sight
Cause were the violet flame forever
Filled with freedom, bliss and hope for more

Moving on
Try to remember
Who you are and
Why youre here

Leaving older habits
Friends will realize
And will be asking
For advice

More than light
More than sight
Cause were the violet flame forever
Blistering with hope that we are

More than light
More than sight
Cause were the violet flame forever
Filled with freedom, bliss and hope for more

There is a lighter way
To reach your dreams
And find again that theres no sight
Light has no majesty
You hold it in your hands
Now start to live your life

Now you made the choice
To follow your belief
It is a timeless deed
You notice your inner voice

More than light
More than sight
Cause were the violet flame forever
Blistering with hope that we are

More than light
More than sight
Cause were the violet flame forever
Filled with freedom, bliss and hope for more

You are the violet flame
Always try to find the way to
Your higher self
