You don't see a single thing I see, your conscience is  
blind  
And your spirit's drowning deep  
In the swamp of your lies  
I'm a monster that's breaking through your mind  
And when I'm done  
You can't deny my delight

I am so sick and tired of all your words  
I could bleed someone dry and your minions, they shall  
Learn as I leave you to fry beneath a blazing sky  
Burning your eyes, hear the roaring high above  
As you die

I shall cross your way, as you fade away  
Angel of light, your demon and demise  
I foresee that day, my righteous hate will  
Decimate the lies, my light will shine

Close your eyes, I'll forgive you now is your  
Chance to repent remember how it feels cos'  
I was once like you just a fool who thought the  
Knew it all stumbling in the dark

you don't see a single thing I see, but still you go on  
like  
An old man that's in need of someone to hold on  
I'm a monster that's breaking through your mind, just  
don't  
Resist and I will show you the light

I am not in the mood for foolish games  
I won't wait 'til you say, I will strike you down and leave  
You to meet with your fate beneath a blazing sky  
Burning your eyes, hear the roaring high above  
As you die

I shall cross your way as you fade away  
Angel of light I'm laughing at your side  
I foresee that day my righteous hate will  
Decimate the lies, my fight will shine
