[Music: KerÅnen, Words: Orjatsalo]

A journey through my mind  
Beyond the wheel of time  
To the darkness 'hind my eyes  
All those years in vain I fled  
My fate I tried to escape  
Lost my cause from the start  
[Bridge 1]  
Falling freely  
On wings of will  
My fate was sealed from the start  
[Bridge 2]  
Crying my pain  
For your sake  
For love that never fades away  
[Chorus]  
Mindless, like a pawn  
Misled by darkness  
Shadows, mere memories  
Of time that could have been  
Silently I face you  
Believing once again  
In my fate - Chosen One  
[Solo]  
[Bridge 1]  
[Bridge 2]  
[Chorus]
