

## Dreamtale "Silent Path"

Visit "[Silent Path](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Light's fading, night is calling  
Covering the worries of day  
Wind whispers, leaves are falling  
Slowly light fades, comes to shade

Following the path to a silent vale  
Whispers of wind call me to stay

Nightfall is weaving its spell  
Darkness hides the land within its shell  
Twilight lights my way as I flow  
Realms beyond imagination I go

Blinded by time  
Of the years that have passed by  
Left to astray  
My mind's own way

Nightfall is weaving its spell  
Darkness hides the land within its shell  
Twilight lights my way as I flow  
Realms beyond imagination I go

Nightfall is weaving its spell  
Darkness hides the land within its shell  
Twilight lights my way as I flow  
Realms beyond imagination I go
