I'm gonna miss your wave  
Your sin, your smell, your smile, oh  
In an anxious attempt to let you know

Dancing on the roof  
Of some cartoon showroom  
But in an instant  
I'd give it all right back

So keep moving onward  
Run through that open door  
Consuming knowledge  
Wormhole through times before

Can't you hear their voices crying?  
Can't you hear their hearts breaking?

There is only so much we can do  
Only so much can be shown to you  
The rest is your choice  
It's your choice, it's your choice

When I close my eyes  
I see two faces above me  
One to my left, one to my right

I took you under  
Under my wing to shadow  
It never did bother me  
To hide you from the light

So keep moving onward  
Run through that open door  
Consuming knowledge  
Wormhole through times before

Can't you hear their voices crying?  
Can't you hear their hearts breaking?

There is only so much we can do  
Only so much can be shown to you  
The rest is your choice

It's your choice, it's your choice

So keep moving onward  
So keep moving onward

So keep moving onward  
(Run through that open door)  
So keep moving onward  
(Run through that open door)

So keep moving onward  
(Run through that open door)  
So keep moving onward  
(Run through that open door)

Onward  
So keep moving onward
