Well, I've been absorbed in mediocrity
Been hollowed by uncertainty
I've taken all of my beliefs
And given 'em up
Cause there's no guarantee
Of a god or longevity
Admit you don't know anything
And give it up

Singing, I don't know if I've been reborn,
Lived a past life, suffered in another time,
I don't know

Singing, I don't know if I've been reborn,
Lived a past life, suffered in another time,
I don't know

Give it up, give it up, give it up

Well I don't know what to believe anymore
But every now and then I feel a moment of awakening
But then it's gone, then it's gone, then it's gone
I'm blanketed by the warmth of ignorance

Singing, I don't know if I've been reborn,
Lived a past life, suffered in another time,
I don't know

Singing, I don't know if I've been reborn,
Lived a past life, suffered in another time,
I don't know

If I'll go somewhere special when I die
If I'll go somewhere special when I die
So I'll just go on living my way

There's a strength in duality
Penetrate mentality
Give it up, give it up
Learn from casualty
Don't have faith in anything
Give it up, give it up

Singing, I don't know, no, I'll never know
I'm giving up

Singing, I don't know if I've been reborn,
Lived a past life, suffered in another time,
I don't know

If I'll go somewhere special when I die
If I'll go somewhere special when I die
So I'll just go on living my way
