We're born into silence then let it all be
A fortune in silence then just float astray
Born into silence then let it all be
There's a fortune in silence, oh

Watch it explode while fragments of
Irony's examples fly and hit the shore
And tyranny's torn from the podiums
Where leaders stand but rule no more

Pleading with nothing
Why don't we lecture about something
Protest the way we're passive today

Watch it explode while it's not impossible
For flowers to bloom and grow next to graves
And babies are born in the same buildings
Where people go to pass away, pass away

Pleading with nothing
Why don't we lecture about something
Protest the way we're passive today

We live like penguins in the desert
Why can't we live like tribes?
We live like penguins in the desert
Why can't we live like tribes?

We live like penguins in the desert
Why can't we live like tribes?
We live like penguins in the desert
Why can't we live like tribes?

Born into silence then let it all be
A fortune in silence then just float astray
Born into silence then let it all be
A fortune in silence, oh
