verse 1

I need you like the
Desert the needs the rain
I reach for you like a child wanting
To be wrapped in a fathers arms

Chorus

I want to get lost in you
I'm on my kneed praying to be close to you
Take me away Jesus i pray
I want to be where you are

Verse 2

I seek your face like the
Broken desperate for a meeting
I pray for peace like the nations
torn by war and earthy things

Bridge

To your altar i come placing
my all before my first love

I cannot stand and not be moved
by the love that has found me
