Verse 1

My source of life
My source of joy
All my springs are found in you
As deep cries out
Cries out to deep
So my soul longs for you

You are my rock
You are my strength
I worship you i worship you
You are my light
You are my joy
I live for you i live for you

Verse 2

I've lost myself
Far from my fears
And i'm hanging onto you

Verse 3

My source of peace
My sun and shield
All my springs are found in you
As deep cries out
Cries out to deep
So my soul longs for you
