#### Verse 1

I'm letting go of all i have  
I'm aware of what i feel  
Trying to figure out this life  
The answer rests in you  
Everything's changing since you found me searching  
I'm alive I've been born again

#### Chorus

Wipe away my tears  
Come invade me come invade me  
I've lost all fear  
Recreate me recreate me

#### Verse 2

Broken dreams come alive  
It's a beautiful grace  
Devotion of purpose  
Drives my way  
Spirit Whisper reveal thy wonder  
Dreams on a journey  
One voice to save the world

#### Bridge

i'm a stranger in this existence  
Heaven is my home One-day i'll be home  
So many questions always seems i lack the answers  
jesus pull me closer i live as your soldier  
I don't wanna be a statistic i wanna change existence  
There's a lost and dieing world before my eyes  
I need your wings Lord i am your light
