A new beginning  
A new days dawn  
Feels like i'm on my own  
The road before me seems so long  
COme and take me away  
Wrap me in your arms

Prechorus  
The world lost  
Still You Remains  
You hold the meaning of life  
I believe

Chorus  
This life  
Is not my own  
This life  
Is not my own

Bridge  
I reach to touch you  
I'll never be the same  
The promise spoken, it's all i belive  
Reason for living letting go of my past  
Come and take me away to the place i find rest
