This day was meant to be  
A day that i would treasure  
This day was meant to be  
A way to make us closer

Could it be he doesn't see  
That we don't fit together?  
Could it be that this will be  
The way it feels forever?

This day was planned for years  
I prayed at every altar  
This day confirmed my fears  
There's nothing left to wait for

Battered bride dry your eyes  
Things will change i promise  
Red on white just you wait  
You might learn to like it

This day was full of pain  
I tried hard not to feel it  
The magazines explained  
Something completely different

If i could have my way  
I'd run home to my parents  
I'm scared but have to stay  
I made a firm commitment

Battered bride dry your eyes  
Things will change i promise  
Red on white just you wait  
You might learn to like it

Pay your dues  
Bruised and numb  
Love means compromises  
Black and blue  
Love can come  
In all shapes and sizes

Battered bride  
Dry your eyes  
Things will change i promise  
Run and hide  
All you'd like  
Only death will part us....

Battered bride  
Dry your eyes....
