See the thing about pride is you need just enough to  
swallow

heed my words but know I'm not the one to follow

so I'm sittin here thinkin on Mulholland Drive comin up  
with ways just to keep it alive

tryin to prove to you that my heart ain't hollow

You knocked me down I'll get back up again give me a  
call I'll have a hand to lend

there ain't nothin on the TV tonight

So maybe I should swallow my pride

maybe then we could get on

The thing about words is you gotta know when to use  
'em

and after all this time I'm still learnin how to choose  
'em

at least I know not to take my advice but learnin from a  
gypsy man would that be nice

then all i'd have to do is learn how to lose 'em

You knocked me down I'll get back up again give me a  
call I'll have a hand to lend

there ain't nothin on the TV tonight

So maybe I should swallow my pride

maybe then we could get on

The thing about a feeling is you gotta know when to  
follow

you gotta get up and go yeah you can't wait around til  
tomorrow

so I'm sittin here thinkin on Mulholland Drive comin' up  
with ways just to keep it alive

tryin to prove to you that my heart ain't hollow

You knocked me down I'll get back up again give me a  
call I'll have a hand to lend

there ain't nothin on the TV tonight

So maybe I should swallow my pride

maybe then we could get on

Yeah maybe I should swallow my pride

maybe then we could get on
