This is my chance baby,  
This is my chance

It's every Monday that I see you there so fine, oh  
You take a seat and it's just two house from mine, yeah  
Do you notice, that I'm starin'? I can't help it  
But something about you, shuts me in every time you  
say hi

Because every time we talk I get scared inside,  
I see the words to your soul but I forget all the lines,  
I try to show you but then I freeze up  
So maybe better luck next time  
(Better luck next time)  
I wanna tell you how I feel,  
But when I try, I get confused about my talking,  
I play the shy guy, I get so speechless  
Maybe I need a second try, better luck next time

Sometimes I practice in the mirror what to say to you  
Get all the nerves but when we standin' face to face,  
not a thing, oh  
I don't get it, can you fix this, it's confusing  
'Cause every time you come by and you smile, I just  
hide, ohh

Because every time we talk I get scared inside,  
I see the words to your soul but I forget all the lines,  
I try to show you but then I freeze up  
So maybe better luck next time  
(Better luck next time)  
I wanna tell you how I feel,  
But when I try, I get confused about my talking,  
I play the shy guy, I get so speechless  
Maybe I need a second try.. but better luck next time

It's like my hands are still shaking,  
And my palms get all sweaty and damp  
Baby, my pulses are racing, I get all excited,  
And can't tell you how I feel  
I got to let you know, this is bad..

But I keep waitin' for next time.. oh yeah

This is my chance baby, this is my chance

Every time we talk I get scared inside,  
I see the words to your soul but I forget all the lines,  
I try to show you but then I freeze up..  
So maybe better luck next time  
(Better luck next time)  
I wanna tell you how I feel,  
But when I try, I get confused about my talking,  
I play the shy guy, I get so speechless  
Maybe I need a second try.. but better luck next time

Don't miss your chance  
Uhh don't miss your chance  
Uhh don't miss your chance  
Say better luck next time  
Don't miss your chance  
Uhh don't miss your chance  
Uhh don't miss your chance  
Say better luck next time  
This is my chance baby,  
This is my chance
