yeay-yeah  
oh-oh-oooh  
yeah-yeh

I'm so lost, and if anyone out there can find me,  
It's you cause you're right where I wanna be  
I know it's crazy but I believe in miracles  
More and more;  
Everytime I'm away I just miss you  
Can't wait til the next time I'm with you  
Even moments away can seem so far

You are the reason why I dream at night  
Of you and me together  
With every tear you cry, I'm by your side  
It's you and me forever

Even if I'm across the street;  
Flying out and go overseas;  
No matter where I'll be,  
Whatever it is, you'll keep finding me  
Even if I'm so far away,  
In my heart you'll always stay  
No matter where I'll be,  
Whatever it is, you'll keep finding me

Yea, whatever it is you'll keep finding me  
Yea-yea, Whatever it is you'll keep finding me

I remember the first time I met you,  
No one made me feel, girl like you do  
Now I can't picture me without you  
Now I'm not lost,  
Your heart is where I can escape to.  
So no matter what it is that we go through  
If you keep finding me then I'll keep finding you

You are the reason why I dream at night  
Of you and me together  
With every tear you cry, I'm by your side  
It's you and me forever

Even if I'm across the street;  
Flying out and go overseas;  
No matter where I'll be,  
Whatever it is, you'll keep finding me  
Even if I'm so far away,  
In my heart you'll always stay  
No matter where I'll be,  
Whatever it is, you'll keep finding me

Oh yea, You'll keep finding me  
Whatever it is, you'll keep finding me

And when you miss me too much to me to come right  
back  
And I'll come right back, I'll come right back to you  
Until then, let's look up at the stars and the one I'm  
looking to,  
Is the one that leads me right to you  
And if I can't be where you are, I'm here, I'm not that  
far  
If you can't find me then I'll find you

I'll find you-You'll find me too

Even if I'm across the street;  
Flying out and go overseas;  
No matter where I'll be,  
Whatever it is, you'll keep finding me  
Even if I'm so far away,  
In my heart you'll always stay  
No matter where I'll be,  
Whatever it is, you'll keep finding me

Whatever it is, you'll keep finding me  
Yea, yea  
You'll keep finding me (:
