Everytime we fight You cry
And I'm sitting here asking myself why we try
To get along, To hold on
Girl I just don't know why we don't move
Baby, let's move on

You don't know whether
We will get better
Girl there ain't no turning back
You know I hate to tell you that
You point your finger
You're the accuser
Girl you think you got the upper hand
but

It takes one to know one
Don't tell me there's no one
Girl, I know you better than that
Cause you're a cheater, a liar,
And I just don't get it, get it
Why the hell we in it, in it
When I know it's really you that's been doing wrong
And I know just really what's been going on
Cause you're the cheater, the liar, and the killer

Let's just keep this real, baby
You've keep doing me wrong
but you're the one who cheats
To point the blame,
Call me his name,
Baby we both know that this is your mistake
And now I'm suffering

You don't know whether we will get better
Maybe we took this too far
Your books are in a broken heart,
You point your finger
You're the accuser
And now you know I got the upper hand
But

It takes one to know one
Don't tell me there's no one
Girl, I know you better than that
Cause you're a cheater, a liar,
And I just don't get it, get it
Why the hell we in it, in it
When I know it's really you that's been doing wrong
And I know just really what's been going on
Cause you're the cheater, the liar, and the killer
You're the killer

Girl I regret these bonds you're breaking
We're stuck in a place where love is faking
And baby it's lost forever
Time for someone else
is taking over you
Oh Girl Hey Hey Ohh
It takes one to know one

It takes one to know one
Don't tell me there's no one
Girl, I know you better than that
Cause you're a cheater, a liar,
And I just don't get it, get it
Why the hell we in it, in it
When I know it's really you that's been doing wrong
And I know just really what's been going on
Cause you're the cheater, the liar, and the killer
You're the killer

You took my love and killed it Girl
(You took my love)
You took my love and killed it Girl
(You took my love and you killed it)
You took my love and killed it Girl
(You took the love outta me, Girl)
You took my love and killed it Girl

You took my love and killed it Girl
You took my love and killed it Girl
You took my love and killed it Girl
You took my love and killed it Girl

Oh, oh, oh
