It's not hard to reach the stars
Everybody's doing it, the night is ours
It's not hard to reach the stars
Everybody's doing it, the night is ours

Go round the world, everything is looking up, up
Life is tasting sweet, too much is not enough
Get on the floor, that's where you gonna fly, fly
Higher than the sun, to a party in the sky

It's not hard to reach the stars
Everybody's doing it, the night is ours
It's not hard to reach the stars
Everybody's doing it, the night is ours
It's not hard to reach the stars
Everybody's doing it, the night is ours
It's not hard to reach the stars
Everybody's doing it, the night is ours

This is the night you're really gonna shine
Light up the galaxy
Let them know that it's your time
You're in the jet stream, nothing in your way, way
Take it to the extreme, level up, come play

It's not hard to reach the stars
Everybody's doing it, the night is ours
It's not hard to reach the stars
Everybody's doing it, the night is ours
It's not hard to reach the stars
Everybody's doing it, the night is ours
It's not hard to reach the stars
Everybody's doing it, the night is ours.
