Grab your keys and leave but you better  
Turn around and come back to me  
Grab your keys and leave but you better  
Turn around and come back to me

Grab your keys and leave but you better  
Turn around and come back to me girl  
Grab your keys and leave but you better  
Turn around, but you better turn around

Eyes, greener than the grass beneath my feet  
Skin, is softer than a summer breeze  
I know that this is unexpect, but you don't know  
How you affected me baby

Yesterday you went away, said you can't stay  
It's gonna be so hard, so hard  
I can't wait to see you face, make no mistake  
That we gotta get back together

Sooner than later, I'ma be by your side  
Sooner than later, even if it takes some time  
Sooner than later, baby just tell me when  
Sooner than later, I'ma see you again

Sooner sooner rather than later  
Sooner sooner rather than later  
Sooner sooner rather than later  
Sooner sooner rather than later

Touch that makes me wanna give you all I am  
Can kiss me, and I lose myself within  
This never was supposed to happen  
Went against all odds, and locked me in

Yesterday you went away, said you can't stay  
It's gonna be so hard, so hard  
I can't wait to see you face, make no mistake  
That we gotta get back together

Sooner than later, I'ma be by your side  
Sooner than later, even if it takes some time

Sooner than later, baby just tell me when  
Sooner than later, I'ma see you again

Sooner sooner rather than later  
Sooner sooner rather than later  
Sooner sooner rather than later  
Sooner sooner rather than later

You got me to give my heart in  
You got me to spend my dollars  
You the finest thing, and I want it

You got me to give my heart in  
You got me to spend my dollars  
You the finest thing, and I want it

Sooner than later, I'ma be by your side  
Sooner than later, even if it takes some time  
Sooner than later, baby just tell me when  
Sooner than later, I'ma see you again

Sooner sooner rather than later  
Sooner sooner rather than later  
Sooner sooner rather than later  
Sooner sooner rather than later

It's been a while since I seen ya green eyes  
It's been so long since I had ya lips on mine  
It's been forever since I saw ya last time  
And I'm waiting, I keep on waiting for you

It's been a while since I seen ya green eyes  
It's been so long since I had ya lips on mine  
It's been forever since I seen ya last time  
And I'm waiting, I just keep on waiting...
