I see the world for you and me  
I hear a perfect harmony  
Where you are is where I'm gonna be  
I'm gonna be...

Forever, could never be enough  
Together, it's all I need for us  
When the rain is pouring down  
And there's no else around  
I'll be your shelter now

And I'll be the one  
You can run to  
I'll be the one  
Who's meant to love you now...  
And always till our days are through

You know I do  
You know I do  
Time to say the words  
Never been so sure  
Wanna spend my life with you

Hmm hmm hmm yeah...

There's a match for every heart  
There's a light for every dark  
With you I found my counter part  
My counter part

Forever, could never be enough  
Together, it's all I need for us  
When the rain is pouring down  
And there's no else around  
I'll be your shelter now

Ohh

And I'll be the one  
You can run to  
I'll be the one  
Who's meant to love you now...  
And always till our days are through

You know I do  
You know I do  
Time to say the words  
Never been so sure  
Wanna spend my life with you [2x]

Forever, could never be enough  
Together, it's all I need for us  
When the rain is pouring down  
And there's no else around  
I'll be your shelter now

And I'll be the one  
You can run to  
I'll be the one  
Who's meant to love you now...  
And always till our days are through

You know I do  
You know I do  
Time to say the words  
Never been so sure  
Wanna spend my life with you [2x]  
(You know I do)
