You got a lot of your mother's smile
You got a lot of your father's money
I'm just lucky I'm on your ride
I sit and watch you fly high above me
I'm a sucker for a good romance
I like battin' way out of my league
You were more than just a long shot chance
I asked anyway, but that's just me

You say you want love, you want magic
I'll find some way to turn my water into wine
If you need devotion, baby, I have it
I'll paint your world and keep on painting outside the
Lines
And I mean anything you want in life
Beyond your wildest dreams
Oh, baby, I'll be anybody you need
'Cause that's just me

You want somebody with a fancy car
I'll rub until I make that bucket of rust shine
A cowboy who'll hook your heart
I'll saddle up and go bait my troutline
A rocket man with a cool space suit and weighted boots
Counting down to take you on a trip to the moon
There's no place too far
Too far for you

But if you want love, you want magic
I'll find some way to turn my water into wine
If you need devotion, baby, I have it
I'll paint your world and keep on painting outside the
Lines
And I mean anything you want in life
Beyond your wildest dreams
Oh, baby, I'll be anybody you need
'Cause that's just me

And I mean everything you want in life
Beyond your wildest dreams
Baby, I'll be anybody you need

'Cause that's just me
That's just me
That's just me
