What's happened ---- you leaving' so early  
I could say: It isn't right  
Don't try to tell me, you're feelin' so bad  
Don't try to lie ---- you Don't wanna fly !  
I saw you sittin' alone in your room  
Lookin' in the mirror all the long nite  
And someone told me, you're feelin' so old  
You're feelin' so tired, you cannot see the light !  
What's happened ---- you leaving' so early  
I could say: It isn't right  
Don't try to tell me, you're feelin' so bad  
Don't try to lie ---- you Don't wanna fly !

I cannot help you, no, where is your power,  
You Don't wanna tell me what's wrong !  
I couldn't turn back on you, what's going on, yeah,  
You Don't wanna...  
I cannot leave you here, where is your force, yeah,  
You Don't wanna...  
I cannot help you, no, take you to a doctor,  
You Don't wanna...  
Are you a rebel ?!
