My house is burning, walls are falling apart,
desolation, and I'm a fool, I'm not gonna
escape from flames. And why!!!
The ground scalds and I'm a blockhead
I'm gonna shout: Help!!
Breath of the beast on my back
I'm not gonna shout: help!!!
And palace cracks, full of suckers

I'm proposing lynch law, a lynch law.
Hell it is a place on earth (x2)
Vodka grows dear, russian mafia
clergly irritate me...
Texcollectors pursue me and I'm a fool
I'm not gonna hide anywhere, anywhere
And Belveder cracks, full of suckers...
Hell it is a place on earth (x4)
It is a place on earth.
