Where's the road to your heart?
Which way to your swollen soul?
What about girl-friend, man
Can you sale her, let her roll, Stop!
What's that stuff?! F... enough!
Hiperenigmatic Stuff Of Mr. Nothing

Someone said That you're the best
I know this guy, he's a liar
You're so proud you f... the rest
I'll kick your ass, You will be higher

You look like a dick in a roses garden
You could look better so try harder
You f... yourself in your own butt
You'll be pregnant you poor nut!
