Blood, split, mud, stench
Piggy plays fantastic game
Puff puff a violent wrench
Piggy is in charge of pain

Essence of evil, bloody machine
The worst piece of shit I've ever seen
I will raise my bare fists

Even if I have to beg on my knees
Even if I have to beg on my knees
Even if I have to beg on my knees

I loose control I sell my soul
I loose control I sell my soul
I loose control I sell my soul
I sell my

A beast walks its filthy ways
Like stubborn fuck, no grace
I'm lost, stuck in a maze

Nobody's ever seen such paranoid, horrid place
Nobody's ever seen such paranoid, horrid place
Nobody's ever seen such paranoid, horrid place

I loose control I sell my soul
I loose control I sell my soul
I loose control I sell my soul
I sell my soul
