Money is a nerve of war, love and theatre  
and I'm convinced, fuck, it isn't funny  
and you're asharned, when you talk about money  
but it's your mask, I will pull out the true  
I'm gonna humble you, I wanna strip you,  
I wanna force you to...  
Psychical strip-tease  
You sau to me tolerance, it smells of falsehood  
you drive a knife in my back, takin' bout botherhood  
now you're telling 'bout friendship, it is nasty and it's  
cheap  
it is your mask, I will pull out the true

I'm gonna humble you, I wanna strip you  
I wanna force you to...  
Psychical strip-tease  
Running with the devil  
Dear blockhead, dear lovely muthafucker, I present you  
panorama of mu crotch, Are you indignant?  
Don't be indignant, boy, my little sweet sucker  
it is your mask, I will pull out the true  
I'm gonna humble you, I wanna strip you  
I wanna force you to...!  
Psychical strip-tease (x8)
