Eyy. I got the ball
Hmm... I got the line... I bend the ball, ball to the line
Oh, yeah, the ball to the line
You're welcome to join us all
Though you haven't got the ball
You're welcome to join us all
Let us give you inspiration
Welcome to join
Join our sacred congregation

I bend the ball to the line
I bend the ball to the line!

I bend the ball, ball to the line
Oh, yeah, the ball to the line

I bend it like enchanted
I bend it 'cave I'm haunted
If you have not got the ball
Enter! And mine we will coil
You'll be absolutely pleased
What? You didn't eat meat?
You'll be absolutely pleased
What? You didn't eat meat?
Let us give you inspiration
Join our sacred congregation
I bend the ball to the line
I bend the ball to the line!!
