"The Payback"

I can't say I feel strong
or absolutely calm
I've been told many times
his payback would do harm
they said that one fine day
persistent as they were
no doubt he would repay
he meant business right there

I've said a hundred times
that I ain't gonna make
this planet full of slime
a nice and friendly place
my point of view is firm
I don't give a rat's ass
who knows me well confirm
illusions cannot last

some wild wind I willl reap
if that's the road I take
but I plan to fall asleep
as many times as wake
some wild wind I willl reap
if that's the road I take
but I plan to fall asleep
as many times as wake

some wild wind I willl reap
if that's the road I take
but I plan to fall asleep
as many times as wake
I am sentenc'd with no trial
no jury, no defence
your livin' in denial
was my great offence

some wild wind I willl reap
if that's the road I take
but I plan to fall asleep
as many times as wake
some wild wind I willl reap

if that's the road I take
but I plan to fall asleep
as many times as wake

I am sentenc'd with no trial
no jury, no defence
your livin' in denial
I am sentenc'd with no trial
no jury, no defence
your livin' in denial!

some wild wind I willl reap
if that's the road I take
but I plan to fall asleep
as many times as wake
some wild wind I willl reap
if that's the road I take
but I plan to fall asleep
as many times as wake
some wild wind I willl reap
if that's the road I take
but I plan to fall asleep
as many times as wake
as many times as wake
