Drino

This is how i really feel bout this situation  
background  
i saw you  
holding hands  
standing close  
with someone else  
now i stand  
all alone  
wishing all my feelings were gone.

Verse 1

Man she did me so dirty[dirty  
She was that one who had me sprung[had me sprung]  
late night conversations and special occasions  
She was that one  
Huggin and kissin  
Letten me do whatevea[haha]  
I threw her some game  
But she was too damn clever  
We were on the beach doin stuff but ima let that get by  
She was top of me, on top of the roof but ima let that  
slide  
We were on top of the rocks on top of the water  
You should seen her backside

Bridge

It was classic so passionate  
It was classic so passionate  
It was classic so passionate

Chorus

Wishin all my  
Wishin all my  
Wishin all my fellings were gone

Verse 2

She was playin games  
So I did the same  
Had girls on my jock  
Shoulda seen the pack  
Shoulda faced the fact s  
That there were dudes that would talk  
When I was here and her dude was gone  
She stood hard as a rock[a rock]

When she was home and i was there  
I took all but her socks  
Everytime we was on the phone she had sex on her  
mind [mind]  
I was feelin her and she was fellin me  
But damn that next line  
She said i love you you you you you you you  
I said I love you you you you you you you  
I said I love you you you you you you you

\*I've been honest to you  
Nuthin but missin you\*

Verse 3

Time is what I have got plenty of digits  
Could of been with other girls  
Could of rock their worlds  
But I chose to stick wit it  
and I was blind to see she got the best of me  
And the life we had was meant to be  
But damn baby why you gotta fool with love  
? could told me what was up  
It's true  
In all truth  
But if you missin im sissin  
Of the trouble we got in but no stopin the feeling when  
you  
got caught  
Im sorry for the song but what you did was so wrong  
We were so classic so passionate  
It was so classic so passionate  
It was so classic so passionate  
Had to handle my bizzzzzzzzz

Wishin all my feelins were gone  
Drino  
You heard of me  
Im the man that put your mind where it's supposed to  
be  
Ima say sum deep shyt  
And hopefully  
You free your eyes to the problems you refuse to see  
We all think we know shyt  
But we really know shyt  
I believe everything is meant to be broken  
Like a broken heart from a broken relatin  
And you cant let go cuz all those special occasions?  
Seriously, dont play off the ?  
You doin the obvious that got so many people mistakin  
The reality is that are gonna be dudes that are hatin  
Plus it really dont matter if the girl is takin  
She had options, she had a back up

You think she didn't take note of all the times you  
fucked up?  
It's not the girls fault how she meant to recieve  
The way you not there  
Man you dont expect her to leave

Fades Out....
